## STATE WITNESS, GLEEMAN CASE, DISAPPEARS

### HAROLD GADBOIS WAS INDICTED FOR PERJURY

**FAILS TO APPEAR IN COURT AND  
FORFEITS \$2,500  
BONDS**

**VARIANCE CLAIMED IN TESTI-  
MONY AT COURT AND  
GRAND JURY**

(By United Press)  
St. Paul, April 25.—Harold Gadbois, state witness in the first Gleeman murder trial has disappeared. He was under indictment for perjury.

Failure to respond when his name was called in Municipal Court today resulted in forfeiture of \$2,500 bond under which he was at liberty.

Simultaneously in District Court an order was issued requiring Gadbois to show cause why he should not be punished for contempt of court for alleged failure to pay his former wife \$6.50 a week under the divorce decree granted in February.

When called as a witness Gadbois testified at the first trial that the men who shot Burton Stevens were not Ben and Abe Gleeman. He testified that he had not told a different story before the grand jury. Six members of the grand jury contradicted his testimony.

### WOMAN CHARGED WITH KILLING SPOUSE

(By United Press)  
Antigo, Wis., April 25.—Mrs. Charles Schisel who has been named in a warrant charging murder in connection with the death of her husband appeared in court here today for preliminary examination. Her trial was set for April 29th, no plea having been entered. She was taken to the county jail here where she will be held without bail.

### EXTREME HEAT WAVE MODERATING

**COLUMBUS RECORDED 96, NEW-  
ARK REPORTED 110  
DEGREES**

(By United Press)  
Columbus, O., April 25.—The unseasonable heat wave which has claimed three lives and caused numerous prostrations in Ohio during the last 48 hours is nearing an end, the local weather bureau predicted today.

The high mark of 96 degrees was reached yesterday at Ironton and Newark reported a temperature of 110 degrees in the sun. Rain late today or early Sunday will bring relief, the weather bureau forecast.

### LONG DISTANCE AIR MAIL SERVICE

Paris, April 25.—Bi-weekly air service to Toulouse and Dakar and return will start May 1, it was announced today. The trip, which will require two days, will cover 4,500 kilometers said to be the longest in the world among regular air voyages.

### SLAYER DECLARED TO BE SANE MAN

**TONY MORENO SO CERTIFIED TO  
BY DR. SIDNEY G.  
WILGUS**

(By United Press)  
Rockford, Ill., April 25.—Tony Moreno, confessed slayer of Charles T. Patterson, aged South Beloit resident is sane, according to the verdict of Dr. Sidney G. Wilgus. The doctor declared on the witness stand late yesterday that the slayer is sane "but a dangerous type of criminal."

State Prosecutor William D. Knight today will start arguments for infliction of the supreme penalty on Moreno.

## "Heads" Seen Near Wreck Were Water Casks

### SIXTH BABY IN SEN. WHEELER'S FAMILY TODAY

(By United Press)  
Great Falls, Mont., April 25.—While he was waiting for the jury to return its verdict, Senator Burton K. Wheeler was handed a telegram. He opened it and his face broke into a broad smile. "It's a girl," he announced.

The telegram announced the arrival of the sixth child to the senator and his wife. The birth occurred in Washington. The baby weighs 7½ pounds.

### MILFORD MINE BELIEVED SAFE

**\$250,000 USED IN RECONDITION-  
ING PROPERTY WHERE 41  
MEN WERE DROWNED**

Crosby, Minn., April 25.—At a cost of approximately \$250,000 to its operators, the Milford mine near here, where 41 men perished on Feb. 5, 1924, has been reconditioned to the extent that experts consider it permanently safe against a recurrence of the fatal flood, according to Reginald Nowell of Crosby, Crow Wing county mine inspector.

Since the mine was reopened last November, 80,000 tons of ore have been hoisted out of the shaft and at present 125 men, including miners and surface workers, are employed at the Milford, said Mr. Nowell.

The inspector said he did not think it possible for another accident, similar to the one which drowned all but a handful of the crew trapped on that tragic February afternoon, to happen, "for the simple reason that the cause has been removed."

Mr. Nowell explained that, while the old swamp bed which crushed the roof of the mine workings with resultant rush of water and sand to all parts of the property, still remains, it is kept dry by a double stage Cameron pump and two electric pumps.

The inspector said the swamp contained water only after rains and that a small dam had been built between the swamp and the mine to block the opening which once drained sand and muck into the ill-fated pit.

Inspections are made every month, he said, and the Milford owners refuse to permit their employees to enter the property at any time unless they are satisfied by reports of their own experts and those of state mine inspectors that the shaft and drifts are safe.

The company has formed a special safety committee for inspection purposes. Its membership includes the mining engineers, master mechanic, surface foreman, electrician, mining captain, underground shift boss, and timekeeper.—Duluth News Tribune.

### CINCINNATI "REDS" LEADER TO ANSWER A LIQUOR CHARGE

(By United Press)  
St. Louis, April 25.—Garry Herrmann, president of the Cincinnati National league ball club, and a group of Cincinnati fans named in federal warrants for illicit possession of liquor, must appear before United States commissioners June 3 and answer the charge.

Warrants were issued after federal agents had raided their rooms in the Statler hotel and had obtained 11 "half barrels" of alleged real beer. Federal agents claim the beer contained more than three per cent alcohol.

### BELGIUM SEEKS CABINET MAKER

(By United Press)  
Brussels, Belgium, April 25.—King Albert requested former Minister of Economics Vandervyvere to form a cabinet. M. Vandervyvere declined, suggesting that another leader of the Catholic party be chosen.

### GUARDS FOR KING AND QUEEN OF GREAT BRITAIN

**PRECAUTIONS TAKEN TO PRO-  
TECT THEIR SAFETY AT FUN-  
ERAL OF GEN. RAWLINSON**

**DAILY MAIL PRINTED STORY OF  
FEAR OF A RED  
PLOT**

(By United Press)  
London, April 25.—King George and Queen Mary returned home today to find innumerable guards thronging the streets of Westminster surrounding St. Margaret's church protecting the high officials of the land and members of the diplomatic corps against the possibility that a bomb outrage such as was attributed to communists in Sofia recently. The occasion was the funeral of General Lord Rawlinson which passed off without incident, but extraordinary precautions were taken by authorities following a story printed in the Daily Mail today announcing fear of a red plot. Crowds estimated at 30,000, mostly provincials, came to London for the football meetings, jammed the streets around St. Margaret's. Stalwart policemen, shoulder to shoulder held them in check, while mounted police helped to maintain order.

Detachments of the horse guards and Welsh guards participated in the military funeral accorded General Rawlinson. A brilliant assemblage, including the diplomatic corps, members of Premier Baldwin's cabinet, dozens of high military and naval officials and prominent personages from many lands attended the services. Lieut.-Col. Joyce, military attaché represented the American embassy.

### HUMBLE CLERK LEFT A FORTUNE

**\$15 A WEEK DRY GOODS MAN  
LEFT ESTATE OF  
\$30,000**

(By United Press)  
Beloit, April 25.—With the reading of the will of the late A. H. Hayes yesterday, it was revealed that the humble dry goods clerk who never drew a salary larger than \$15 a week left an estate of \$30,000. The will provides that the sum of \$5,000 shall be turned over to Miss Ida B. Nute, Boston, Mass., his boyhood sweetheart. It further provides that the income from all the rest of the estate shall be Miss Nute's as long as she lives.

### W. H. T. STATION TAKES THE AIR

**INITIAL BROADCASTING PRO-  
GRAM OF WRIGLEY TONIGHT  
AT 8:30 O'CLOCK**

(By United Press)  
Chicago, April 25.—Radio station W. H. T., the Wrigley building, Chicago, will leap into the ether for the first time tonight. Accompanying the inaugural program will be an airplane drill by the largest flotilla of planes ever assembled in Chicago. The drill will be directed by W. H. T. and will be the first of its kind.

The program will start at 8:30 o'clock and a group of operatic and instrumental musicians will perform on the program. At one o'clock radio entertainers from other Chicago stations will take over the program with an all-star ensemble. The station is to be operated by a number of prominent Chicagoans headed by former Mayor William Hale Thompson.

W. H. T. will use a wave length of 238 meters becoming at its own request a pioneer in powerful broadcasting on a short wave length.

### ELECTION TROUBLES BREAK OUT NEAR BERLIN; 12 WOUNDED

(By United Press)  
Berlin, April 25.—First election troubles broke out today at Koenigsburg and Dortmund where fascists are reported to have clashed with the republicans. A dozen persons were wounded and a number of arrests made.

### TENSION IN EUROPE OVER COMMUNISM

**STORES OF EXPLOSIVES UN-  
EARTHED IN RED STRONG-  
HOLDS IN SOFIA, ETC.**

**NATIONS TO GUARD AGAINST  
ANY UPROARS ON MAY  
DAY**

(By United Press)  
In every European capital today there was a tightening of official precaution against communism.

Reports from Sofia that the Bulgarian government seems to be gaining strength against the incipient revolt only in part alleviated general apprehension.

Stores of explosives were unearthed in red strongholds in Sofia, Varna and Brugas, according to Central News, while communists destroyed by fire historic buildings at Plevna.

While the French government was taking steps to prepare for possible trouble on May day, the day when communists demonstrate the existence of armed red forces organized into "centuries" of 100 men each, was disclosed in the chamber of deputies.

Statesmen of Great Britain watching the Balkans apprehensively, found it necessary to order strict precautions in the heart of London today on the occasion of General Lord Rallington's funeral.

### WCCO TO BROADCAST SESSION OF TRAFFIC COURT SATURDAY

Minneapolis, April 25.—A night session of the Minneapolis traffic court has been deemed necessary. However, in place of holding it in the usual chambers of the courthouse, the officers of the court, police officers, and any prisoners who can be apprehended will go to the studios of the Gold Medal station on top of the new Nicollet hotel at 9:30 p. m. Saturday.

There, according to Judge Levi Hall, the court will be held for the benefit of all who care to listen in. Actually, it will be a moot court, it was said, but all of the proceedings will be the same as those heard in the traffic court every day.

Lieut. George Torman, head of the police traffic squad, stated that while many Minneapolis residents have had the pleasure of participating in the affairs of the actual courts as held at the courthouse and a great many others probably will do so during the next few months, there are still some who do not understand what this branch of the judiciary is trying to accomplish.

Nor will all of the proceedings be of a serious nature. Fred Lundberg, Swedish comedian, will be hailed in to court.

### CHARGED WITH EMBEZZLING \$800 OF BANK

(By United Press)  
Litchfield, Minn., April 25.—J. H. Jerabek, president of the First State bank of Cosmo, near here, was called to the office of County Attorney R. H. Dart today to answer charges filed by the state banking department with that officer. Bank examiners have recently gone over the books of the Cosmo institution. County Attorney Dart said at noon it was likely a charge of embezzlement of \$800 would be filed this afternoon.

### SEN. WHEELER IS VINDICATED OF CHARGES MADE

**FOUND NOT GUILTY OF MISUSING  
HIS SENATORIAL  
OFFICE**

**WHEELER ASSERTS 'DAUGHTERY  
GANG' PRODUCED FALSE  
TESTIMONY**

(By United Press)  
Great Falls, Mont., April 25.—Vindicated of charges that he had misused his senatorial office, Senator Burton K. Wheeler of Montana today issued a statement charging the "Daughterly gang" with producing false testimony for his trial here.

Wheeler was found not guilty on the first ballot of the jury which sat through the eight-day trial. Just before the jury brought in its verdict, Wheeler got word from Washington that a baby girl had been born to Mrs. Wheeler.

"I shall not be satisfied until one of the principal witnesses in the case is prosecuted for his false testimony," Wheeler said. "The department of justice while protesting its fairness in the trial brought a notorious witness here without giving us an opportunity to check up on his character. Since he testified, however, abundant evidence has come into our possession connecting him with the old Daugherty regime."

"This acquittal proves my charge of a frame-up by the department of justice. Had it not been for this perjured testimony, the case would never have gone to the jury. I charge that this trial was a persecution and it has been amply proved not only by the Borah committee, but by a clear-cut decisive victory in a court of justice."

### "BLACK AND BLUE" FORCES IN CONTACT

**NOBODY "LICKED" SO FAR IN  
SHAM BATTLE IN  
HAWAII**

(By United Press)  
Honolulu, April 25.—Contact with opposing forces of the American "blue" forces was established at 6:15 A. M. today by the "enemy" defenders of the Hawaiian Islands.

The war will continue until the umpire announces the exercises over, which will be about May 1st.

Progress of the maneuvers will be announced twice daily to the press correspondents by the umpire, explaining in detail the meaning of the action.

### DAYLIGHT SAVINGS RULES IN NEW YORK

**CLOCKS TO BE SET AHEAD AS  
MATTER OF ROUTINE  
SUNDAY**

(By United Press)  
New York, April 25.—Daylight savings will be in effect in greater New York beginning at 2 a. m. Sunday. Clocks will be set ahead as a matter of routine, for even the opposition of the farming classes to the move has subsided.

### ALSO EFFECTIVE IN CHICAGO

Chicago, April 25.—Daylight savings will become effective here at 2 a. m. Sunday if the common council fails to abrogate the law. Some members of the council want to do away with it entirely or restrict it to June and July. There is sufficient opposition to indicate the councilmen will fail.

People of the United States would own 87 per cent of the world's autos if they were paid for.

### NEW YORK ZOO MAKES MONEY ON PIG INVESTMENT

(By United Press)  
New York, April 25.—Thirty days ago New York City paid \$20 for a pig and put it in the Central Park menagerie. Ten days ago an attaché of the zoo, in taking the census, discovered that New York owned 11 pigs. All but the original have been sold for \$5 a piece, yielding \$50 on a \$30 investment, according to the park commissioners' report. The municipally owned shout is the greatest attraction at the zoo today, according to the commissioners.

### MAY BAN BUSES FROM CARLINES

**DULUTH ORDINANCE REGULAT-  
ING MOTOR CARS IS  
HELD VALID**

St. Paul, April 25.—Motorbuses may be ruled off streets on which electric transportation lines operate. This is the opinion of the state supreme court today.

The opinion was given in an appeal in the case of Carl H. Schultz, representing the Duluth Bus association, against the city of Duluth, in which the Duluth Street Railway Co. intervened as co-defendant.

Mr. Schultz asked the ordinance prohibiting buses from operating on streets on which there are street car lines be declared invalid.

The legality of the ordinance today was upheld.

### POWER OF SPEECH RESTORED TO BOY MUTE 11 YEARS

Milwaukee, April 25.—Through science and the efforts of Prof. William Duffey, head of the public speaking department at Marquette university, Ray Pawlowski, 15, is talking for the first time in 11 years.

A blow over the head in infancy paralyzed his auditory nerves and he has been mute since that time.

However, the youth has attended school and is one of the brightest boys in the class, doing all his work in writing.

His teacher became interested in his case and called in Prof. Duffey, an expert on speech correction. The boy, after having been treated by Prof. Duffey is now able to talk in a monotone.

Prof. Duffey states that it will be but a question of time before Ray will be able to speak as well as anyone.

### JUGO-SLAVIA AND BULGARIA HEAL THE BREACH

(By United Press)  
London, April 25.—The incident that threatened to bring about a break in relations between Jugo-Slavia and Bulgaria, is considered closed, according to a Central News dispatch from Belgrade.

The Serbian minister to Sofia has reported to his government that Bulgaria has satisfactorily answered the sharp note from Belgrade, protesting against Serbian attacks. There was no intention of insulting Jugo-Slavia, Bulgaria explained.

### Mrs. 'Babe' Ruth Suffers Severe Nervous Attack

New York, April 25.—Mrs. Herman "Babe" Ruth suffered a complete nervous breakdown in the entrance to St. Vincent's hospital yesterday afternoon while on her way to pay her daily visit to her husband, who is a patient there.

Mrs. Ruth was taken to a room in the same wing of the hospital in which her husband is confined, by order of Dr. John King, physician for the Yankees, who had been in constant attendance on her husband.—Duluth News Tribune.

### CAPTAIN OF THE HOMERIC IN STATEMENT TODAY

**SAYS IT REQUIRES EXPERIENCE  
TO SPOT MOVING OBJECTS  
IN THE WATER**

**BRITISH ADMIRALTY MAY INVE-  
STIGATE JAPANESE SHIP  
TRAGEDY**

(By United Press)  
New York, April 25.—Whether the British admiralty will be asked to investigate circumstances under which the Japanese freighter Raitaku Maru went down with all on board will be decided by the home office of the operators of the lost ship.

Manager Kono of the New York office has completed his inquiry of charges from various sources that Captain John Roberts of the White Star liner Homeric was guilty of negligence in his failure to save the lives of any members of the freighter's crew.

The report of this investigation will be sent by Manager Kono to the home office within a few days. He declined today to comment on the result of the inquiry. Referring to statements that victims of the tragedy were seen swimming in the water after the Japanese freighter sank, Roberts said before sailing:

"What the passengers saw and thought were heads were small casks on the Japanese ship used to carry water. I thought at first I could distinguish men in the water, but on closer examination I found I was wrong. It requires experience to focus moving objects when standing on another moving object. I think the people who thought they saw men in the water were mistaken."

### 14 MINERS ESCAPE FIERY MINE BLAST

**FIGHT FLAMES 10 HOURS AND  
THEN ESCAPE FROM HECLA  
WORKINGS**

(By United Press)  
Wallace, Idaho, April 25.—The Hecla Lead & Silver Mine was bustling about today in an effort to get back to normal after yesterday's fire which imperiled the lives of 14 men. The latter practically made their own escape from the workings after first fighting the fire for about 10 hours.

### OLD CAR STRIKES 5 TREES; 1 KILLED AND 3 INJURED

New York, April 25.—One man was killed and three perhaps fatally injured early today when the antiquated automobile in which they were riding struck five trees on Riverside drive.

### AMERICANS IN SOVIET COURTS

**SINCLAIR OIL CO. LEASE IN SAG-  
HALIEN ISLAND UNDER  
FIRE**

(By United Press)  
Moscow, April 25.—Lawyers representing the Sinclair Oil Company appeared in the Supreme Court here today against the decision concerning the company's lease on the islands of Saghalien. The supreme court economic council brought the action which resulted in cancellation of the Sinclair Company's concessions to work the rich oil lands of the islands, and the lawyers claim this is invalid.

The contract was made with the Soviet government. They demanded that the action be quashed or that a new trial be granted.

## STATE WITNESS, GLEEMAN CASE, DISAPPEARS

### HAROLD GADBOIS WAS INDICTED FOR PERJURY

**FAILS TO APPEAR IN COURT AND  
FORFEITS \$2,500  
BONDS**

**VARIANCE CLAIMED IN TESTI-  
MONY AT COURT AND  
GRAND JURY**

(By United Press)  
St. Paul, April 25.—Harold Gadbois, state witness in the first Gleeman murder trial has disappeared. He was under indictment for perjury.

Failure to respond when his name was called in Municipal Court today resulted in forfeiture of \$2,500 bond under which he was at liberty.

Simultaneously in District Court an order was issued requiring Gadbois to show cause why he should not be punished for contempt of court for alleged failure to pay his former wife \$6.50 a week under the divorce decree granted in February.

When called as a witness Gadbois testified at the first trial that the men who shot Burton Stevens were not Ben and Abe Gleeman. He testified that he had not told a different story before the grand jury. Six members of the grand jury contradicted his testimony.

### MILFORD MINE BELIEVED SAFE

**\$250,000 USED IN RECONDITION-  
ING PROPERTY WHERE 41  
MEN WERE DROWNED**

Crosby, Minn., April 25.—At a cost of approximately \$250,000 to its operators, the Milford mine near here, where 41 men perished on Feb. 5, 1924, has been reconditioned to the extent that experts consider it permanently safe against a recurrence of the fatal flood, according to Reginald Nowell of Crosby, Crow Wing county mine inspector.

Since the mine was reopened last November, 80,000 tons of ore have been hoisted out of the shaft and at present 125 men, including miners and surface workers, are employed at the Milford, said Mr. Nowell.

The inspector said he did not think it possible for another accident, similar to the one which drowned all but a handful of the crew trapped on that tragic February afternoon, to happen, "for the simple reason that the cause has been removed."

Mr. Nowell explained that, while the old swamp bed which crushed the roof of the mine workings with resultant rush of water and sand to all parts of the property, still remains, it is kept dry by a double stage Cameron pump and two electric pumps.

The inspector said the swamp contained water only after rains and that a small dam had been built between the swamp and the mine to block the opening which once drained sand and muck into the ill-fated pit.

Inspections are made every month, he said, and the Milford owners refuse to permit their employees to enter the property at any time unless they are satisfied by reports of their own experts and those of state mine inspectors that the shaft and drifts are safe.

The company has formed a special safety committee for inspection purposes. Its membership includes the mining engineers, master mechanic, surface foreman, electrician, mining captain, underground shift boss, and timekeeper.—Duluth News Tribune.

### SEN. WHEELER IS VINDICATED OF CHARGES MADE

**FOUND NOT GUILTY OF MISUSING  
HIS SENATORIAL  
OFFICE**

**WHEELER ASSERTS 'DAUGHERTY  
GANG' PRODUCED FALSE  
TESTIMONY**

(By United Press)  
Great Falls, Mont., April 25.—Vindicated of charges that he had misused his senatorial office, Senator Burton K. Wheeler of Montana today issued a statement charging the "Daugherty gang" with producing false testimony for his trial here.

Wheeler was found not guilty on the first ballot of the jury which sat through the eight-day trial. Just before the jury brought in its verdict, Wheeler got word from Washington that a baby girl had been born to Mrs. Wheeler.

"I shall not be satisfied until one of the principal witnesses in the case is prosecuted for his false testimony," Wheeler said. "The department of justice while protesting its fairness in the trial brought a notorious witness here without giving us an opportunity to check up on his character. Since he testified, however, abundant evidence has come into our possession connecting him with the old Daugherty regime."

"This acquittal proves my charge of a frame-up by the department of justice. Had it not been for this perjured testimony, the case would never have gone to the jury. I charge that this trial was a persecution and it has been amply proved not only by the Borah committee, but by a clear-cut decisive victory in a court of justice."

### "BLACK AND BLUE" FORCES IN CONTACT

**NOBODY "LICKED" SO FAR IN  
SHAM BATTLE IN  
HAWAII**

(By United Press)  
Honolulu, April 25.—Contact with opposing forces of the American "blue" forces was established at 6:15 A. M. today by the "enemy" defenders of the Hawaiian Islands.

The war will continue until the umpire announces the exercises over, which will be about May 1st.

Progress of the maneuvers will be announced twice daily to the press correspondents by the umpire, explaining in detail the meaning of the action.

### DAYLIGHT SAVINGS RULES IN NEW YORK

**CLOCKS TO BE SET AHEAD AS  
MATTER OF ROUTINE  
SUNDAY**

(By United Press)  
New York, April 25.—Daylight savings will be in effect in greater New York beginning at 2 a. m. Sunday. Clocks will be set ahead as a matter of routine, for even the opposition of the farming classes to the move has subsided.

### ALSO EFFECTIVE IN CHICAGO

Chicago, April 25.—Daylight savings will become effective here at 2 a. m. Sunday if the common council fails to abrogate the law. Some members of the council want to do away with it entirely or restrict it to June and July. There is sufficient opposition to indicate the councilmen will fail.

People of the United States would own 87 per cent of the world's autos if they were paid for.

### NEW YORK ZOO MAKES MONEY ON PIG INVESTMENT

(By United Press)  
New York, April 25.—Thirty days ago New York City paid \$20 for a pig and put it in the Central Park menagerie. Ten days ago an attaché of the zoo, in taking the census, discovered that New York owned 11 pigs. All but the original have been sold for \$5 a piece, yielding \$50 on a \$30 investment, according to the park commissioners' report. The municipally owned shoat is the greatest attraction at the zoo today, according to the commissioners.

### MAY BAN BUSES FROM CARLINES

**DULUTH ORDINANCE REGULAT-  
ING MOTOR CARS IS  
HELD VALID**

St. Paul, April 25.—Motorbuses may be ruled off streets on which electric transportation lines operate. This is the opinion of the state supreme court today.

The opinion was given in an appeal in the case of Carl H. Schultz, representing the Duluth Bus association, against the city of Duluth, in which the Duluth Street Railway Co. intervened as co-defendant.

Mr. Schultz asked the ordinance prohibiting busses from operating on streets on which there are street car lines be declared inactive.

The legality of the ordinance today was upheld.

### POWER OF SPEECH RESTORED TO BOY MUTE 11 YEARS

Milwaukee, April 25.—Through science and the efforts of Prof. William Duffey, head of the public speaking department at Marquette university, Ray Pawlowski, 15, is talking for the first time in 11 years. A blow over the head in infancy paralyzed his auditory nerves and he has been mute since that time. However, the youth has attended school and is one of the brightest boys in the class, doing all his work in writing.

His teacher became interested in his case and called in Prof. Duffey, an expert on speech correction. The boy, after having been treated by Prof. Duffey is now able to talk in a monotone.

Prof. Duffey states that it will be but a question of time before Ray will be able to speak as well as anyone.

### JUGO-SLAVIA AND BULGARIA HEAL THE BREACH

(By United Press)  
London, April 25.—The incident that threatened to bring about a break in relations between Jugo-Slavia and Bulgaria, is considered closed, according to a Central News dispatch from Belgrade.

The Serbian minister to Sofia has reported to his government that Bulgaria has satisfactorily answered the sharp note from Belgrade, protesting against Serbian attacks. There was no intention of insulting Jugo-Slavia, Bulgaria explained.

### Mrs. 'Babe' Ruth Suffers Severe Nervous Attack

New York, April 25.—Mrs. Herman "Babe" Ruth suffered a complete nervous breakdown in the entrance to St. Vincent's hospital yesterday afternoon while on her way to pay her daily visit to her husband, who is a patient there.

Mrs. Ruth was taken to a room in the same wing of the hospital in which her husband is confined, by order of Dr. John King, physician for the Yankees, who had been in constant attendance on her husband.—Duluth News Tribune.

**SAYS IT REQUIRES EXPERIENCE  
TO SPOT MOVING OBJECTS  
IN THE WATER**

**BRITISH ADMIRALTY MAY INVE-  
STIGATE JAPANESE SHIP  
TRAGEDY**

(By United Press)  
New York, April 25.—Whether the British admiralty will be asked to investigate circumstances under which the Japanese freighter Raitoku Maru went down with all on board will be decided by the home office of the operators of the lost ship. Manager Kono of the New York office has completed his inquiry of charges from various sources that Captain John Roberts of the White Star liner Homeric was guilty of negligence in his failure to save the lives of any members of the freighter's crew.

The report of this investigation will be sent by Manager Kono to the home office within a few days. He declined today to comment on the result of the inquiry. Referring to statements that victims of the tragedy were seen swimming in the water after the Japanese freighter sank, Roberts said before sailing:

"What the passengers saw and thought were heads were small casks on the Japanese ship used to carry water. I thought at first I could distinguish men in the water, but on closer examination I found I was wrong. It requires experience to focus moving objects when standing on another moving object. I think the people who thought they saw men in the water were mistaken."

### 14 MINERS ESCAPE FIERY MINE BLAST

**FIGHT FLAMES 10 HOURS AND  
THEN ESCAPE FROM HECLA  
WORKINGS**

(By United Press)  
Wallace, Idaho, April 25.—The Hecla Lead & Silver Mine was bustling about today in an effort to get back to normal after yesterday's fire which imperiled the lives of 14 men. The latter practically made their own escape from the workings after first fighting the fire for about 10 hours.

### OLD CAR STRIKES 5 TREES; 1 KILLED AND 3 INJURED

(By United Press)  
New York, April 25.—One man was killed and three perhaps fatally injured early today when the antiquated automobile in which they were riding struck five trees on Riverside drive.

### AMERICANS IN SOVIET COURTS

**SINCLAIR OIL CO. LEASE IN SAG-  
HALIEN ISLAND UNDER  
FIRE**

(By United Press)  
Moscow, April 25.—Lawyers representing the Sinclair Oil Company appeared in the Supreme Court here today against the decision concerning the company's lease on the islands of Saghalien. The supreme court economic council brought the action which resulted in cancellation of the Sinclair Company's concessions to work the rich oil lands of the islands, and the lawyers claim this is invalid.

The contract was made with the Soviet government. They demanded that the action be quashed or that a new trial be granted.

## Hotel is Built Under Unique Plan

For many years Holland, Michi-  
gan, has been in need of a new hotel.  
But nobody seemed to have the nerve  
to supply the need.

A few months ago the movement  
was put on foot and a large percent-  
age of Holland's citizens subscribed  
for stock in The Warm Friend Taver-  
n.

The name is taken from the nation-  
ally known slogan—"Holland  
Furnaces Make Warm Friends." This  
is in recognition of the fact that  
the Holland Furnace Company  
supplied over half the funds for  
building the hotel, and because this  
company is the largest industry in  
the city.

The name is also fitting inasmuch  
as the field representatives of the  
"Warm Friend" concern had com-  
pletely outgrown the city's accom-  
modations, and because many of the  
Furnace Salesmen have also taken  
stock in the new hotel which is to  
house them as they visit their home  
office.

The building has 150 rooms and is  
high class in every particular. It  
was promoted by A. H. Landwehr,  
General Manager of the Holland

Furnace Company. The Chairman  
of the Hotel Board is Fred Pantlind,  
Manager of the famous Pantlind Ho-  
tel, Grand Rapids, Michigan.

This is an excellent example of  
what American Industry is doing to  
improve local conditions everywhere.  
Incidentally, since the new hotel was  
started in Holland, real estate values  
have increased considerably, and a  
new optimism has been stimulated.  
So much so, that other splendid im-  
provements heretofore considered  
dormant issues are under way. The  
Chamber of Commerce has been built  
into a live organization; the beauti-  
ful summer resorts near by are be-  
ing made more beautiful, more ac-  
cessible and more interesting with  
cultivated fishing grounds. The  
city's stores are vying for superiority  
in every way. The parks are being  
given even more attention than ever.  
The spirit of faith and pride in Hol-  
land has been awakened.

Building a new hotel was the act  
that sent Holland to the store for  
cloth. She is making herself a new  
dress. "Already yet," she is finding  
that it pays.

What should our city do right now  
to start the ball rolling in the right  
direction?

## FAIR WEATHER TOURING SUNDAY

Ice Out of Lakes, Leaves Again on Trees, the Urge is to Motor

### ROAD CONDITIONS GIVEN

Highways Are in Fairly Good Shape. Much Maintenance Work Done.

With fair weather promised for Sunday, and with the ice out of the lakes, leaves again on the trees, and many other indications of summer, Brainerd motorists will be planning tours for tomorrow, and will welcome information on road conditions, the final requisite for pleasant automobile trips. Walter M. Murphy, county highway engineer, and A. W. Moulster, state highway maintenance supervisor, have contributed the following data on the roads in Crow Wing county:

Trunk Highway No. 2 (Duluth to Fargo). Good throughout Crow Wing county, to Aitkin on the east and Fargo on the west.

Trunk Highway No. 18 (Brainerd to Mille Lacs). Good. Very scenic drive and good connections with other well traveled roads.

Trunk Highway No. 19 (Brainerd north to Walker and Cass Lake). Known locally as the "Gull lake road." Good from Brainerd to Walker.

Trunk Highway No. 27 (Brainerd south to Little Falls). Fairly good. Best to take old road through Barrows, Crow Wing and Ft. Ripley.

State Road No. 2 (Dewing highway through southern part of the county). Road is narrow and partially under construction. Motorists advised to avoid it if possible.

State Road No. 3 (Brainerd, Merrifield, Cross Lake, Emily). Excellent its entire length. Branch road from Cross Lake north toward Longville, good, new bridge across Dagget brook open to traffic on that road.

State Road No. 4 (Crosby north to Emily and Outing). Crosby to Mississippi river bridge under construction, detour through Manganese. Balance of road good.

State Road No. 5 (Deerwood, Bay lake and south). Deerwood to Bay lake, good, balance of road to Workman corner on Trunk highway No. 18, fair.

White line roads throughout the county are in general in very fair condition. The "Inland Trail" one of the most important of these white lines, from Merrifield to Breezy Point on Big Pelican lake, is an excellent road, and in addition to the fact that it shortens the distance to that popular summer resort by nine miles, is a very scenic route.

White lines from Pequot and Jenkins east across the county are in good shape and form connecting links with trunk and state highways.

Many interesting and beautiful tours can be arranged throughout the county, using the roads named above, which will take the motorist through agricultural, lake or timber region, as he so desires. The white lines are well marked and act as "feeders" to the state and trunk roads, the complete system forming a network of routes over the county.

NEW CAMP SITE**  
Camp Committee Secures Lease of Lands From Immigration Land Co.  
IN SEC. 17, TWP. 45, RANGE 28  
Comprises About 70 Acres of Hardwood Timber, Shore Line on Clearwater Lake  
The Crow Wing Council, Boy Scouts of America, through their camp committee, has secured from the Immigration Land company a lease on Lots No. 1 and 2 of Section 17, Township 45, Range 28 West.

These two lots comprise about 70 acres of hard-wood timber with a shore line on Clearwater lake, almost directly east of the O'Brien place and in the vicinity of the Savage summer home. The land is heavily covered with virgin hard-wood timber and will make an excellent summer camp for scouting activities. The beach is one of the best in Crow Wing county, being somewhat protected by a small cove and sloping gently with white sand as a base. The shore line is covered with a second growth of white birch and is terraced as to make excellent facilities for placing tents and permanent buildings.

The council is very greatly indebted to the Immigration Land company and to R. D. Musser.

The plan of the camp committee of the Crow Wing Council is to establish a permanent camp whereby all available organizations will be permitted to use the site at definite periods for boy and girl camps. This camp will be used by organizations from several counties and should be an attraction to hundreds of boys and girls.

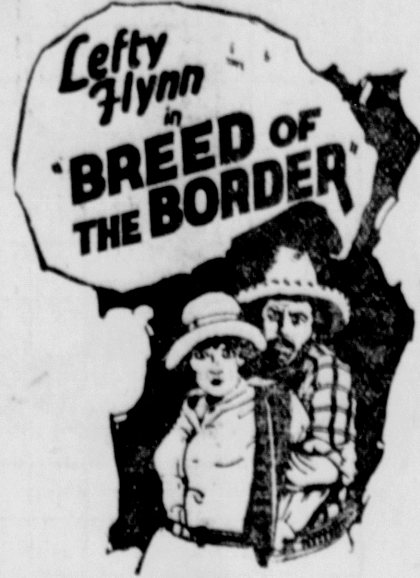

Members of the Crow Wing Council securing the lease were Messrs. B. J. Hinkle of Crosby, S. R. Adair, Brainerd, and J. Wilbur VanEvera, Crosby.

## Power and Pickup that Make Everybody Marvel

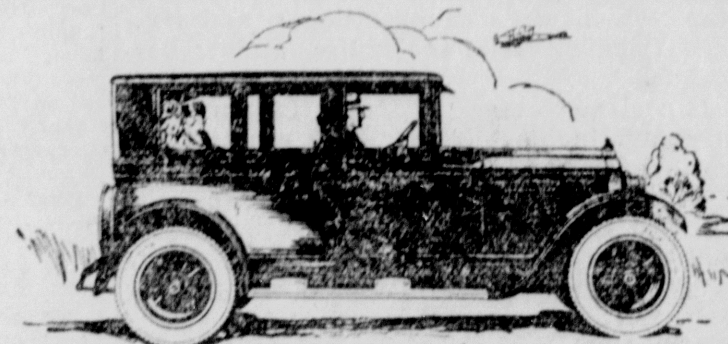

The tremendous success of the more powerful new Willys-Knight has abundantly borne out the prediction made in January that this great car would make history in 1925.

The vastly increased power and flashing pick-up of the new Willys-Knight give this fine car a place all its own in the esteem of the public. Its sleeve-

valve engine is free from noisy tappets... it is the only type of automobile engine that actually improves with use... no carbon trouble... no valves to grind... and the celebrated Lancaster Balancer prevents vibration at any engine speed.

The sanest automobile investment on the market. Easy terms—small down payment.

## BUS COMPANY POINT OF VIEW

At St. Cloud recently, E. L. Bryant, president of the Jefferson Highway Transportation company, and Edgar F. Zelle, president of the Motor Truck service, addressed the Chamber of Commerce, and gave the bus company view of the new legislation enacted to regulate the busses.

St. Cloud, it will be remembered, has almost twice the bus service that Brainerd receives. Both bus men accepted the regulatory act in good faith. Mr. Bryant stated the reason for the roundfare from St. Cloud, and not from Minneapolis was to meet the competition of the Yellow bus line, and that there was no foundation for the report that this was in the interest of Minneapolis merchants.

Take Brainerd, for instance, the round trip ticket Brainerd to Minneapolis and return, sells for \$3.50. The fare one way, Brainerd to Minneapolis is \$3.

Mr. Zelle took up an interesting point, claiming busses brought into St. Cloud from the north and west more people than they took from St. Cloud to Minneapolis, and that many Minneapolis people spent the week end in St. Cloud.

The bus companies, said Mr. Zelle, as reported in the St. Cloud Daily Journal Press, carried adequate insurance for the protection of their passengers, were paying a license fee of 10 per cent the cost of the busses, and were ready to pay a gross earnings tax, if this should be justified in the experience of two years under the new law.

Before the busses came into use, said Mr. Zelle, the railroads contended there was no profit in local business, and the question was not now between the railroads and the busses, but between the railroads and the automobiles. Automobile owners will not pay railroad fare for short distances. The bus companies, according to Mr. Zelle, have been operating on the theory that the way to get patronage of the car owners was to make a rate that would keep the automobiles in the garages.

Brainerd, more than St. Cloud ever was or will be, is essentially a railway shop town, with the railway as the backbone of the city when it comes to payrolls. It is to the interest of Brainerd to patronize the railway. If busses are to crowd out all short haul business of the railroads, we see where railway repair work will start to languish and with it comes a reduction in our payrolls. Brainerd's heaviest motor bus travel is to the south.

It is in summer, when the tourist travel is under way, that we gain the advantage of the stream of travel and have more people traveling to our town and lake region than we are now sending to the Twin Cities.

We have faith in the railroad and warehouse commission, which will regulate the busses as fairly as the railways, for both are common carriers, used by the public.

## THE GAME WARDEN AND THE SPORTSMAN

We have from time to time written of the great responsibility resting on game wardens. Let us look at the matter from the other side. The duties of the average game warden today are extremely difficult. He has an enormous area to cover. The lawless minority fights him at every turn, and leaves nothing undone to make futile his efforts at law enforcement.

What is the honest sportsman's attitude? Does he help the game warden in his duties, or does he stand by leaving that official an almost superhuman task to perform?

There exists in this country more than in any other nation on the face of the globe, with the possible exception of England, a vast distaste of "tattlers." This is as it should be. We who write this grew up with the feeling. You who read it did also. But intentional violation of the fish and game law falls in a category which makes reporting them a thing entirely apart from ordinary "tale bearing." When a man willfully breaks the game and fish laws, he is robbing us just about as directly as a burglar would. If he shoots a female deer, for instance, in violation of the law, he is robbing us of 1,510 future chances to shoot a buck. If he catches short bass or trout he is removing from the waters where the act occurred, many thousand of potential fish which we might have enjoyed at a later date.

Yet, a great number of sportsmen even if they personally see this willful violation, hesitate to report it because they feel that it is not a manly thing to do. If a thug should hold us up and take our watch and money, we would leave no stone unturned to see him apprehended. What is the difference between this and stealing our chances to enjoy honest sport?

## BORROWING GARDEN TOOLS

WITH the making of gardens, now in full progress in this city, comes a concomitant which often causes friction and irritation among the best of friends. It is the indiscriminate borrowing of garden tools.

A friend of ours has evolved the best system. He hangs one of those large bank calendars in his kitchen, the kind with big numbers and lots of white space, and thereon he writes the tool borrowed on the same day the loan occurred, and to whom the loan was made.

Then when he wants the return of a spade or rake or hoe or wheelbarrow, etc., he refers to the date and then addresses his friend in this manner:

"Say, Bill, on April 25, 1924, I loaned you a rake. Are you through with it?" Swinging in that exact date is what gets results and the rake or a new one to replace the old one lost, is then received.

SALES of St. Jacob's Oil, Burma-Vita, Joint-Ease, Sloan's Liniment, etc., ought to pick up in Little Falls when the Old Timers baseball team gets into action. The baseball fever has afflicted them and they are bound to play for money, feeds or charity, or we suppose, publicity. We know it will do the old war-horses some good to get back into harness, that shelving stomachs will be reduced, blood pressure eased up, appetites increased and the laundries will gain more custom. The example set by Little Falls may cause the Brainerd old timers to come to bat too.

LONG dresses, it is conceded by all, did not look well with bobbed hair. We hope the women will never shave their heads.

GASOLINE TAXES

## TODAY'S DISPATCH CROSS WORD PUZZLE

## HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

RUPTURE  
EXPERT

## Coming To Brainerd

Dr. W. T. Leonard, noted rupture specialist, will be at Ransford Hotel for one day only, Sunday, April 26th, where he will treat all cases of rupture, no matter how long standing. Dr. Leonard is here personally to demonstrate to all ruptured people what his method can accomplish without surgery. Now, you have the chance to find out all about it to have it demonstrated to you and see what it can do in your own case. Just call at the Hotel and he will give you his personal attention and advice, and complete demonstration absolutely without charge. Dr. Leonard, who the spermatic guard will not only retain any case of rupture perfectly, but contracts the opening in 10 days in the average case, this result effected during the day, and repair continues throughout the night, during sleep when all strain is removed, being a vast advancement over all other methods exemplifying immediate effects withstanding any strain or position, no matter the size or location. Large or difficult cases specially solicited.

We do not use elastic belts, spring or leg straps.

Dr. Leonard has specialized in the treatment of rupture for 20 years, and positively guarantees results if instructions are adhered to.

Brainerd's Popularity  
As a Lake Resort  
Center Growing Rapidly

The people of Minnesota and all nature lovers are rapidly learning what Brainerd people already know—that we are right in the heart of the most beautiful lake and woods section of the state.

During the last few days we have helped boost in the following ways.

E. T. CEDARLEAF has bought material for a cottage to be built on Long Lake.

A. C. FLOAN will start work on his new summer home on Gull Lake very soon. It is near the Government Dam.

ALBIN JOHNSON has put up several new cottages on his Mille Lacs resort.

I W. QUINLAN has built a new log cottage on Gull Lake.

MRS. CAPLIN has enlarged her summer home near Grand View on Gull Lake.

And we are answering lake cottage questions and showing plans and making estimates every day.

Are you ready to talk lake cottage?

If so, see us soon.

**TODAY'S DISPATCH CROSS WORD PUZZLE****HOW TO SOLVE A CROSS-WORD PUZZLE**

When the correct letters are placed in the white squares this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right; and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

**RUPTURE  
EXPERT****Coming To Brainerd**

Dr. W. T. Leonard, noted rupture specialist, will be at Ransford Hotel for one day only, Sunday, April 26th, where he will treat all cases of rupture, no matter how long standing. Dr. Leonard is here personally to demonstrate to all ruptured people what his method can accomplish without surgery. Now you have the chance to find out all about it, to have it demonstrated to you and see what it can do in your own case. Just call at the Hotel and he will give you his personal attention and advice, and complete demonstration absolutely without charge. Dr. Leonard says the spermatic guard will not only retain any case of rupture perfectly, but contracts the opening in 10 days in the average case, this result effected during the day, and repair continues throughout the night, during sleep when all strain is removed, being a vast advancement over all other methods exemplifying immediate effects withstanding any strain or position, no matter the size or location. Large or difficult cases specially solicited.

We do not use elastic belts, spring or leg straps.  
Dr. Leonard has specialized in the treatment of rupture for 20 years, and positively guarantees results if instructions are adhered to.  
This instrument is indorsed by leading physicians.

Berlin, Germany, April 25.—Ger-  
man voters will elect a president to-  
morrow, after an unsuccessful at-  
tempt March 29, when no candidate  
received a majority.

In a wider sense, Germany will  
choose between the republic and a mon-  
archy.

The Republican banner will be  
carried by ex-Chancellor Dr. Wil-  
helm Marx, a member of the Centrist  
(Catholic) party. He has been  
selected as the candidate of the so-  
called Weimer group, comprising the  
Socialist, Center (Catholic) and  
Democratic parties, all of whom are  
united by their republican sym-  
pathies.

Against him will be Field Marshal  
von Hindenburg, who will be remem-  
bered as the founder of the Hinden-  
burg line, somewhat famous during  
the World War. He will run under  
the management of the Nationalist  
party, but has the support of the  
chiefs of the Bavarian People's Party  
and the general allegiance of the in-  
dustrialists. These parties would  
not be averse to seeing a monarch  
succeed the present republic.

In days of old von Hindenburg was  
a name to conjure with. Now on  
the eve of the election, it is boldly  
charged that the old field marshal  
(he is 78) is a figurehead for the  
reactionary monarchists and that his  
election would mean a speedy res-  
toration of royalty and a break from  
the present relations between Ger-  
many and the rest of Europe. It has  
been charged (and of course denied)  
that the former Kaiser from his  
Doorn exile spoke the final word  
that won von Hindenburg from his  
attitude of political aloofness which  
he has maintained since his defeat  
on the battlefield.

Adherents of the republic say that  
the election of von Hindenburg  
would lead directly, if gradually, to  
the restoration of the monarchy,  
with either a member of the younger  
Hohenzollern family or Prince Ru-  
precht of Bavaria on the throne.

On the other hand, Marx, the  
Catholic leader, has strange bedfel-  
lows in the Socialists and Democrats.  
But the bond of the republic unites  
them.

Adherents of von Hindenburg say  
emphatically that they are not for  
the restoration of the monarchy  
now; that they are the conservatives  
in the Republic. But it was noted  
as the election approached that all  
the anti-Republic elements, except  
the Communists, have united under  
the Nationalist banner. The con-  
flict tomorrow is much nearer a clear  
cut fight between the Republic and  
the Monarchy than the unsuccess-  
ful polling in March, when half a  
dozen strong parties split the vote.

Success for the conservative ticket  
at the polls would show the Germans  
desired a reunion of the "world war  
twins"—von Hindenburg and Luden-  
dorff. Republican sources are cir-  
culating the story that Hindenburg's  
election would mean the appoint-  
ment of Ludendorff as chancellor  
and the recall to power of the old  
"junkers" who once surrounded Wil-  
helm of Doorn when he was "The  
All Powerful."

And even the Republicans admit  
the old field marshal has a chance.

## 30,000,000 GERMANS TO DECIDE THE ISSUE

Berlin, April 25.—Thirty million  
German voters will decide tomorrow  
whether the aged Marshal von Hin-  
denburg or former Chancellor Wil-  
helm Marx will be president of Ger-  
many for the next seven years.

A third candidate, Ernst Thael-  
mann, once a hobo in America, is  
also running on the communist  
ticket for the presidency, but his

Romance, it is agreed, is greatest  
of all the "ingredients" contained in  
the modern photoplay of popular ap-  
peal. While motion picture produc-  
ers strive, through various means, to  
give the public "what it wants," it is  
ever evident that a beautiful romance  
stirs the hearts of old and young  
alike.

And now comes to the screen the  
greatest romance in American his-  
tory, "Barbara Frietchie," which will  
be shown here at the Lyceum on Sun-

day and Monday. Through the near  
perfection of screen technique, this  
famous story is made to unfold on  
the silver sheet with a realism that  
carries the audience back through  
history to Civil War days, for it is  
endowed with qualities of feminine  
subtlety, sweetness, and delicacy so  
often missing in modern tales of love.  
And certainly, romance was never  
faced by greater obstacles than the  
love of Barbara Frietchie and Will  
Trumbull, which proved greater than  
the principles that divided North and  
South and stood the test not only of  
separation, but of actual conflict be-  
tween the girl's brother and sweet-  
heart.

## Bootleggers! And a Plot Foiled

A heavily loaded truck rumbled  
along the road near Santa Ana fol-  
lowed by a motorcycle officer. A  
gust of wind displaced the canvas  
covering of the truck. Several cases  
labeled "Scotch Whiskey" were dis-  
closed.

"Aha, bootleggers!" exclaimed the  
intrepid officer as he drew his re-  
volver. The truck driver and his  
companion gazed down the barrel of  
the huge six-shooter and obeyed the  
officer's command to "Pull up."

His explanations disregarded with  
a brusque, "Shut up," the driver was

handcuffed to the other fellow. In  
answer to an excited telephone call,  
a squad of officers arrived and es-  
corted the truck and the "bootlegger"  
to the police station.

When the boxes of "Scotch Whis-  
key" were opened, they were found  
to be full of sawdust.

Harry Jensen, the driver, and  
Clyde Sayres, assistant property man  
of the Warner Bros. Studios, explained  
that the cases were props in the  
Warner Bros. picture, "The Light-  
house by the Sea," filmed at Laguna  
Beach, which will be shown at the  
New Park on Sunday and Monday.

and Marx about 1,000,000 less.

At the same time the "folks' bloc"  
headquarters announced its forecast  
giving Marx 14,500,000 and Hinden-  
burg 12,750,000. However, even  
Marx's most optimistic supporters  
doubt that he will win by such a  
large majority. The general impres-  
sion is that the former chancellor  
will finish first in a close race.

According to the foreign office, the  
presidential contest is looked upon  
abroad with a "monarchy vs. repub-  
lic" struggle. The foreign office  
added, however, that foreign concern  
over the elections had lessened dur-  
ing the past few days. In a state-  
ment to the United Press this morn-  
ing the "empire bloc" headquarters  
predicted that Hindenburg would re-  
ceive approximately 14,000,000 votes

## Toothless Cow

A drover bought a young cow in  
Stratford, N. H., for a very small price  
from a man who didn't know as much  
about a cow's anatomy as he now does.  
The drover claimed the animal was  
pretty ancient and declared that her  
upper jaw proved it, as she had lost  
all her teeth. The owner, not know-  
ing that cattle never possess upper  
teeth, reluctantly agreed and sold for  
a song.

"Breed of the Border" at Lyceum  
Tonight Filmed in Death Valley,  
Mojave Desert

Well cast, well mounted and cram-  
med with thrilling action, "Breed of  
the Border," the latest Lefty Flynn  
picture, has caught on the screen for  
all time the fiery breath of the Mo-  
jave desert, the grim color of the  
wasteland where only strong men  
may survive, and the tense drama  
that can occur in such surroundings.  
The exteriors for the picture were

shot in the famous Death Valley and  
they will be flashed on the screen in  
all their virile realism at the Ly-  
ceum Theatre tonight only. "Breed  
of the Border" is the strongest ve-  
hicle which Lefty Flynn has had, and  
the selection of Dorothy Dwan as his  
new leading lady is, indeed, a happy  
one.

**Toothless Cow**  
A drover bought a young cow in Stratford, N. H., for a very small price from a man who didn't know as much about a cow's anatomy as he now does. The drover claimed the animal was pretty ancient and declared that her upper jaw proved it, as she had lost all her teeth. The owner, not knowing that cattle never possess upper teeth, reluctantly agreed and sold for a song.

"Breed of the Border" at Lyceum  
Tonight Filmed in Death Valley,  
Mojave Desert

Well cast, well mounted and crammed with thrilling action, "Breed of the Border," the latest Lefty Flynn picture, has caught on the screen for all time the fiery breath of the Mojave desert, the grim color of the wasteland where only strong men may survive, and the tense drama that can occur in such surroundings. The exteriors for the picture were

shot in the famous Death Valley and they will be flashed on the screen in all their virile realism at the Lyceum Theatre tonight only. "Breed of the Border" is the strongest vehicle which Lefty Flynn has had, and the selection of Dorothy Dwan as his new leading lady is, indeed, a happy one.

A Ten-Foot Kitchen Garden

A ten-foot sunny corner of a back yard will furnish a considerable quantity of vegetables during the course of a year, if properly handled. It will supply sufficient tomatoes to eat raw all summer and for canning for the winter supply. Before it is time to put in the tomato plants it will give a liberal supply of early radishes, leaf lettuce, young onions or spinach.

Among the tomatoes during the year a few plants of Swiss chard will give a supply of greens all summer.

The same plot, after the early spring harvest, may be used for beans all summer, planting it at intervals in succession. It may furnish a supply of green peas planted early and followed by turnips, cabbage, cauliflower or a few stalks of Brussels sprouts to furnish a delicacy for the Thanksgiving and Christmas tables. This vegetable is always expensive, but as easy to grow as a cabbage.

The small plot, after the radishes and young onions, may be planted to eggplants and green peppers. It might also be put into a few cucumber vines if that vegetable is especially relished. There is the widest variety of choice to which a small plot may be put to furnish vegetables of quality for the home table. Even so small a plot would furnish several messes of the delicious Golden Bantam corn, the real quality of which is

never found in the market. A plot of only ten feet square lends itself to intensive culture. It can be so easily and heavily fertilized that it will produce greatly increased crops, and it is an easy matter to keep so small a plot well watered during dry periods. "It is too small to do anything with it," is not a good excuse for neglecting to plant a few vegetables this year. It is a simple matter to sit down with a pencil and paper and figure out the possibilities of a small plot and look over the catalogues and order a few packets of seed to plant it.

Figure on planting dates as nearly as you can guess the weather and don't try to do it all at once. Squash and cucumbers, for instance, needn't go in before the first or second week of June. Put aside these late packets. In a small garden, rows 18 inches apart are about the right distance, as you will hoe by hand.

There are scores of new bedding zinnias offered this year. Some of the new colors are fascinating. The pink and salmon shades make gorgeous beds. Make a note to try them out. They will be fine plants to transplant over the tulip beds when the tulips fade.

The climate isn't changing and perhaps spring will be the same as ever. The climate moves in cycles. Sometimes it is a late spring. Sometimes it is early. Have the seeds ready and order early to be sure to get what you want. Last year was a poor seed year.

New Iceland and Shirley poppies are offered this year in shades previously unknown in these races. Their delicate beauty is indispensable.

The huge dahlias, the most astonishing of our fall flowers, are as easily grown from seed as a zinnia. Plant them early in the house or hotbed. Make a note to look over the seed lists, and try some of these gorgeous plants. They will bloom this fall from seed sown this spring and you may have a new prize winner. They must be kept warm to germinate and flourish.

COOPERATIVE CONCERN AIDS BUTTER INDUSTRY

The far-reaching help which the Minnesota Co-operative Creameries' Association has been to the butter industry of the state since it was established can not be fully envisioned at once, as new benefits coming to the butter producers of the state through the operations of this concern come to light daily.

The association is now reaching out to the farms where the cream is produced in an educational effort to help in bringing a larger share of the output of the local co-operative creameries up to a grade which will place it under the now famous Land O' Lakes brand.

The butter sold under this brand in March returned to the local creameries 47c in tubs and 47 3-4c in prints while butter scoring 88 only brought 44c, an indication of how it pays to build up quality.

Only 36.32 per cent of March butter graded Land O' Lakes against 54.58 per cent last November, due to 100 new creameries having entered the association in the meantime and they had not been building up quality under the guidance of the association as had the older member cream-

eries, thus causing a slump in the average score. The association feels confident that it can bring 70 per cent of all the butter made by member creameries into the Land O' Lakes class in time.

The association has received orders to supply half the butter used on boats, both passenger and freighters, plying the Great Lakes and several of the railroads are now serving Land O' Lakes on their diners. The association is the largest shipper of butter on the Great Lakes.

FEWER ACCIDENTS ON U. S. RAILROADS; 10,613 DEATHS IN '24

(By United Press) Washington, April 24.—Railroad transportation and travel is becoming increasingly safer, according to figures compiled by the Interstate Commerce Commission.

If the Commission's figures could be taken as a criterion of how rapid railroads will continue to lessen accidents, it might be safe to predict that five years hence a railroad mishap will be a thing of the past.

During the 1924 year of operation there were 22,368 accidents as compared with 27,497 in 1923, a reduction of 5,129. More than half of the mishaps last year and the previous year resulted from derailment.

While the Commission ascribed no reason from the huge reduction in accidents, it is generally believed that added employment of automatic control devices and more rigid and stringent methods of inspection are responsible.

Accidents resulting from derailments last year totaled 14,250, as compared with 16,708 in 1923. Collisions totaled 5,166 against 7,115 the previous year. Locomotive boiler accidents amounted to 46 against 67 in 1923. "Other locomotive acci-

dents" totaled 756, compared with 971 in 1923. Miscellaneous totaled 2,141 against 2,636 in 1923.

Death resulting from accidents last year amounted to 10,613, as compared with 11,951 in 1923. Injured persons last year totaled 290,349 against 323,672 the previous year.

# GRADUATION PROGRAM FOR ALIENS APRIL 29

Class of About 40. Exercises to be  
Held in High School  
Auditorium

## NIGHT CLASSES STUDENTS

Instructors Are Miss Hjerpe and  
Miss Vanasek of High  
School

(Contributed)

The graduation exercises for aliens attending night courses at the high school will be held in the auditorium of the Washington school on Wednesday evening, April 29th, at 8 o'clock. A class of about forty aliens will be graduated.

Perhaps many of our local people have not realized the importance of these evening classes for those who desire citizenship, nor the earnest preparation made by those who would share with us the privileges and responsibilities of citizenship. Commencing each year with the month of October and ending about May 1st, the Brainerd high school conducts night classes on Tuesday and Thursday nights of each week for instruction in American citizenship, reading, writing, arithmetic and general civics. The instructors of these night classes are Miss Hjerpe and Miss Vanasek of the high school staff.

## Aim of Night Classes

The aim of these night classes is to prepare aliens for citizenship, making it possible for them to qualify and obtain their certificates of citizenship. Our Government is more interested in the quality than in the quantity of those who desire to become citizens and for that reason certain requirements are demanded from the applicants which make it necessary for them to expend some thought and study upon our ways of government. It also requires that they may be able to express themselves intelligibly. Citizenship is a privilege, not just a convenience.

## No Fees for Night Classes

There are no fees whatever in connection with attendance at these night classes. All is free, including the text books, in recognition of the splendid work accomplished by the night classes, the state, by special appropriation, bears half the expense, and the local school boards pay the remainder.

## Happy People Best Citizens

Happy people are the best citizens. It has been said that the best government is that which desires to make them happy. Now here is a chance for all of us who already enjoy citizenship, whether by birth or by deliberate choice, to aid our Government by adding a little to the happiness of those about to become citizens with us by joining in these graduation exercises to be held on Wednesday evening.

## The Public is Urged to Attend

The public is cordially invited and all citizens are urged to attend. It will be no cold, formal, cut-and-dried affair, with a speech or two, a song and a bit of flag-waving, but a real human sort of community gathering. There will be speeches, short inspiring ones, music of the best, and then, the big moment for these determined, hard-working men and women who would be one of us, the presentation of diplomas.

## An Interesting Program

The following program has been arranged by those in charge of the evening's entertainment, but the real success of the affair depends on all of us—on you and on me! "A fellow-feeling makes one wondrous kind," so let's show this feeling, clasp hands with these earnest people who have given their leisure hours to study, that they might qualify for citizenship in these United States, where all men are equal in opportunity, and let's extend to them a sincere welcome.

## Program

"America"—Americanization class. Remarks—Millie Vanasek and Clara Hjerpe.

Remarks—Harry Fullerton, representing the Lions' club and American Legion.

Violin solo—Geraldine Kiebler. Preamble to the Constitution—Americanization class.

Remarks by Mrs. E. J. Quinn—Representing Brainerd Musical club. Gettysburg address—Jos. Swindells.

Remarks by Mrs. M. A. Bronson—Representing the D. A. R.

Selection—Y. M. C. A. quartet. Remarks—By representative of the Board of Education.

Remarks by H. F. Michael—Representing the Rotarians.

Selection—Y. M. C. A. R. quartet. Presentations of Diplomas and Certificate of Attendance, presented

by R. K. Doe, U. S. Naturalization Examiner. Song, "Star Spangled Banner"—Americanization Class. Salute to the flag—Americanization class.

At the close of the program, and after receiving the congratulations of those gathered to honor them, refreshments will be served to the graduating class, and to their immediate friends.

## ST PAUL MEN'S CLUB

Social Meeting Held in Church Basement on Friday Evening

The Men's Club of St. Paul's Episcopal church held a social meeting on Friday night in the church basement.

Plans were discussed for an indoor track meet which the club will stage early next month.

The evening was spent informally, in games and other amusements, followed by refreshments.

## BRAINERD CO-OP. IN NEW DRESS

Interior of Store Completely Remodeled and Now Presents a Fine Appearance

## NEW SHELVING IS ADDED

Unique Lighting Arrangements—The Stock Displayed on Balcony—Rest Room Added

The Brainerd Co-operative Mercantile Co., has completely remodeled the interior of its store, which now presents a very fine appearance.

The first step in putting on its new dress was to take out all of the old shelving and substitute new and more up to date fixtures. The new shelves give a much better opportunity to display the merchandise than was previously possible. These shelves are quite wide at the top, but narrow considerably near the bottom. A decided improvement is the absence of any wide upright braces in the shelving to detract from the displays made thereon. Unique lighting arrangements throw the light directly upon the shelves, thus drawing attention immediately to the merchandise carried upon them.

The second step in the process of remodeling was to tear out the old office, a small, dark, gloomy box at the rear of the store, and build a new light, airy office in front, near the door. Just back of this office is the new shoe department, with a much increased space for the larger stock that has been recently added.

The next move was to make a balcony, upon which the automobile tire stock is arranged, and beneath this balcony has been installed a large rest room for ladies. The final step will be the re-decorating of the walls to conform with the appearance of the new fixtures.

The Brainerd Co-operative Mercantile Company was organized in 1920. F. W. Willson, the present manager, states that the store is enjoying a very satisfactory business, one that has shown a steady increase each year since the company was organized. In 1924 the gross business done exceeded \$100,000. A two percent dividend was declared and a rebate made on sales, as is the custom each year, the customers sharing in the profits.

At the annual meeting of the company held recently, the following officers and directors were elected:

President—T. E. Nitterauer. Vice President—L. A. McCulloch. Treasurer—Ernest Haake. Secretary—Martin Anderson.

The board of directors, in addition to officers, is composed of William Webking, N. W. Olson, John Willmar, A. G. Anderson and Erick Westberg.

From every indication, the company feels that the year 1925 will far surpass in business any previous year in its history. Trade is improving and new customers are being added in goodly numbers, says Mr. Willson.

## BIG MEETING OF THE WOODMEN

Class Initiated With Deputy Mitchell, a State Officer, in Charge of Ritualistic Work

## MANY VISITING WOODMEN

Large Delegation From Pillager Headed by E. P. Bacon, Consul Smart of Crosby and Others

The axe and the beetle rang out in silvery tones, big trees toppled to the ground, chips flew in all directions as the Modern Woodmen Camp initiated a large class last night, served a lunch and heard inspiring talks by Deputy Mitchell of Long Prairie, Deputy Wheeler now working in Brainerd, E. P. Bacon of Pillager, Venerable Consul Smart of Crosby, Clerk C. Bruhn of Brainerd and others.

The ritualistic work was put on in splendid manner and a stereopticon showed the sanatorium project of the Woodmen. Fred Houle of Brainerd Camp has recently returned from this place, regaining his health.

The Pillager delegation included E. P. Bacon, F. C. Ramberg, H. A. Dorsey, Charles Gardner, Ben Gardner, John Holmgren, Martin Zigler, A. H. Pieper, E. J. Dorsey.

After the ritualistic and business session there followed a luncheon and the members ate as generously as the woodsmen in the days when pines lined the horizon of Brainerd. Venerable Consul Smart of Crosby extended an invitation to the Woodmen neighbors to visit Crosby Camp at their next session, which was accepted.

## HEDSTROM'S ORCHESTRA

Will Play at the New Park Sunday Evening, in Conjunction With Special Picture

The New Park will present the popular Hedstrom orchestra on Sunday night in connection with the big special picture "The Lighthouse by the Sea" with Rin Tin Tin, the famous police dog actor. The unquenchable dog of movie land is said to be at his best in this story of the sea. With a body of steel, a loyal heart and a wonderful understanding makes Rin Tin Tin a great hero in this tale of rum-runners and romance.

With this big special picture and the added attraction—Hedstrom's orchestra—the New Park should be filled to capacity, and it is suggested that you come early for seats.

Macalester Glee Club Made Good Impression on Appearance at M. E. Church

## AN APPRECIATIVE AUDIENCE

Unity of 20 Voices and Balance of Parts Was Exceptionally Good

The Macalester College Glee club made a decidedly good impression at its appearance on Thursday evening in the Methodist church under the auspices of the local Y. M. C. A. A fair-sized and very appreciative audience greeted the singers, and all who heard them were unanimous in their verdict that the work of the club was excellent and that no finer glee club concert has been heard in Brainerd.

The unity of the twenty voices and the balance of the parts was exceptionally good. The club singing appeared as well finished and very artistic, the rendering of the numbers being rather superior to the usual college production. The ordinary by-play, common to such productions was pleasantly absent, and the interest of the club centered itself on the interpretation of the music.

The strongest club numbers were "Bells of St. Mary's," by Adams, and the "Invictus" of Hahn, which displayed beautiful shading and remarkable power. For these numbers particularly, members of the club appreciated the beautiful acoustic properties of the Methodist church.

The program was pleasingly varied, combining with the club numbers vocal and instrumental solos, quartets, trios and readings. The club has two unusual tenor voices in Mr. Heed and Mr. Nelson, both of whom have done work on summer chautauqua and lyceum circuits. Mr. Heed also appeared in a dialect reading and quite convulsed his audience, as much by his unusual personality as by his humorous lines.

The vocal quartet and the instrumental trio won great applause. Brainerd violinists appreciated Mr. Warren's splendid technique and easy manner in the rendition of difficult passages.

Prof. J. P. Hall, as director, is responsible for the fine work of the club, and the audience enjoyed his work also in two pianologues and in solos with the club.

The program closed with the "Dark Scene" which has become a custom with Macalester as with Princeton, and combines a group of old-time favorites, such as "Carry Me Back" and "Boys of the Old Brigade," sung by candle-light closing with the Macalester hymn.

Brainerd music lovers hope that the Macalester College Glee club may visit the city again, and promise a

# GRADUATION PROGRAM FOR ALIENS APRIL 29

Class of About 40. Exercises to be Held in High School Auditorium

## NIGHT CLASSES STUDENTS

Instructors Are Miss Hjerpe and Miss Vanasek of High School

(Contributed)

The graduation exercises for aliens attending night courses at the high school will be held in the auditorium of the Washington school on Wednesday evening, April 29th, at 8 o'clock. A class of about forty aliens will be graduated.

Perhaps many of our local people have not realized the importance of these evening classes for those who desire citizenship, nor the earnest preparation made by those who would share with us the privileges and responsibilities of citizenship. Commencing each year with the month of October and ending about May 1st, the Brainerd high school conducts night classes on Tuesday and Thursday nights of each week for instruction in American citizenship, reading, writing, arithmetic and general civics. The instructors of these night classes are Miss Hjerpe and Miss Vanasek of the high school staff.

## Aim of Night Classes

The aim of these night classes is to prepare aliens for citizenship, making it possible for them to qualify and obtain their certificates of citizenship. Our Government is more interested in the quality than in the quantity of those who desire to become citizens and for that reason certain requirements are demanded from the applicants which make it necessary for them to expend some thought and study upon our ways of government. It also requires that they may be able to express themselves intelligibly. Citizenship is a privilege, not just a convenience.

## No Fees for Night Classes

There are no fees whatever in connection with attendance at these night classes. All is free, including the text books. In recognition of the splendid work accomplished by the night classes, the state, by special appropriation, bears half the expense, and the local school boards pay the remainder.

## Happy People Best Citizens

Happy people are the best citizens. It has been said that the best government is that which desires to make them happy. Now here is a chance for all of us who already enjoy citizenship, whether by birth or by deliberate choice, to aid our Government by adding a little to the happiness of those about to become citizens with us by joining in these graduation exercises to be held on Wednesday evening.

## The Public is Urged to Attend

The public is cordially invited and all citizens are urged to attend. It will be no cold, formal, cut-and-dried affair, with a speech or two, a song and a bit of flag-waving, but a real human sort of community gathering. There will be speeches, short inspiring ones, music of the best, and then, the big moment for these determined, hard-working men and women who would be one of us, the presentation of diplomas.

## An Interesting Program

The following program has been arranged by those in charge of the evening's entertainment, but the real success of the affair depends on all of us—on you and on me! "A fellow-feeling makes one wondrous kind," so let's show this feeling clasp hands with these earnest people who have given their leisure hours to study, that they might qualify for citizenship in these United States, where all men are equal in opportunity, and let's extend to them a sincere welcome.

## BRAINERD CO-OP.

### IN NEW DRESS

Interior of Store Completely Remodeled and Now Presents a Fine Appearance

### NEW SHELVING IS ADDED

Unique Lighting Arrangements—The Stock Displayed on Balcony—Rest Room Added

The Brainerd Co-operative Mercantile Co., has completely remodeled the interior of its store, which now presents a very fine appearance.

The first step in putting on its new dress was to take out all of the old shelving and substitute new and more up to date fixtures. The new shelves give a much better opportunity to display the merchandise than was previously possible. These shelves are quite wide at the top, but narrow considerably near the bottom. A decided improvement is the absence of any wide upright braces in the shelving to detract from the displays made thereon. Unique lighting arrangements throw the light directly upon the shelves, thus drawing attention immediately to the merchandise carried upon them.

The second step in the process of remodeling was to tear out the old office, a small, dark, gloomy box at the rear of the store, and build a new light, airy office in front, near the door. Just back of this office is the new shoe department, with a much increased space for the larger stock that has been recently added.

The next move was to make a balcony, upon which the automobile tire stock is arranged, and beneath this balcony has been installed a large rest room for ladies. The final step will be the re-decorating of the walls to conform with the appearance of the new fixtures.

The Brainerd Co-operative Mercantile Company was organized in 1920. F. W. Willson, the present manager, states that the store is enjoying a very satisfactory business, one that has shown a steady increase each year since the company was organized. In 1924 the gross business alone exceeded \$100,000. A two per cent dividend was declared and a rebate made on sales, as is the custom each year, the customers sharing in the profits.

At the annual meeting of the company held recently, the following officers and directors were elected: President—T. E. Nitterauer. Vice President—L. A. McCulloch. Treasurer—Ernest Haake. Secretary—Martin Anderson.

The board of directors, in addition to officers, is composed of William Webbing, N. W. Olson, John Wilmar, A. G. Anderson and Erick Westberg.

From every indication, the company feels that the year 1925 will far surpass in business any previous year in its history. Trade is improving and new customers are being added in goodly numbers, says Mr. Willson.

Large Delegation From Pillager Headed by E. P. Bacon, Counsel Smart of Crosby and Others

The axe and the beetle rang out in silvery tones, big trees toppled to the ground, chips flew in all directions as the Modern Woodmen Camp initiated a large class last night, served a lunch and heard inspiring talks by Deputy Mitchell of Long Prairie, Deputy Wheeler now working in Brainerd, E. P. Bacon of Pillager, Venerable Consul Smart of Crosby, Clerk C. Bruhn of Brainerd and others.

The ritualistic work was put on in splendid manner and a stereopticon showed the sanatorium project of the Woodmen. Fred Houle of Brainerd Camp has recently returned from this place, regaining his health.

The Pillager delegation included E. P. Bacon, F. C. Ramberg, H. A. Dorsey, Charles Gardner, Ben Gardner, John Holmgren, Martin Zigler, A. H. Pieper, E. J. Dorsey.

After the ritualistic and business session there followed a luncheon and the members ate as generously as the woodmen in the days when pines lined the horizon of Brainerd. Venerable Consul Smart of Crosby extended an invitation to the Woodmen neighbors to visit Crosby Camp at their next session, which was accepted.

## WILLS-LENGLEN NOT EXPECTED TO MEET

By HENRY L. PARRELL  
(United Press Sports Editor)

New York, April 25.—Mlle. Suzanne Lenglen, former world's champion tennis player, has slipped so far from her game that she must retire or accept defeat the first time she plays against a first-class opponent, according to several competent critics who saw her play last winter.

Considerable comment was made when Miss Elizabeth Ryan, former California star, who has been playing in England for several years, defaulted in one of the most important French tournaments in the round in which she was to have met the French star.

French critics expressed the opinion that Miss Ryan was prompted through a long established friendship with Mlle. Lenglen to step out of the tournament and relieve her friend of the danger of being defeated. It will be remembered that the French girl defaulted at Wimbledon last summer and surrendered her title after she had been carried through a terrific match by the former American star.

In that match it was the reputation of Mlle. Lenglen more than her tennis that enabled her to beat Miss Ryan, but the exertion took so much out of her that she said she was unable to continue. She also withdrew from the Olympic championships in Paris, although France was depending upon her to win the only championship that the nation could hope for.

Mlle. Lenglen says that she has not been in good health since she was seized with a coughing spell at Forest Hills several years ago when she was being defeated by Mrs. Molla Mallory, the American champion at the time.

The retirement of the former world's champion or her defeat would leave Miss Helen Wills as the undisputed champion of the world. She has a fair claim to the title now, but there will be some authorities who will not admit her superiority over the French girl until she can prove it on the courts. There is no chance that they will ever meet upon the courts, as the French star has declined two opportunities and there is no way to force her.

(By United Press)  
New Haven, Conn., April 24.—Details of the seventh biennial Far Eastern games, modeled after the world Olympic games, which will be held in Manila, P. I., from May 10 to 20 this year, have been received at Yale University.

In other years the games have been contested between China, Japan and the Philippines, but this year will witness the entry of a new rival—India. India's delegation will probably not be a full one, but they are expected to upset the "dope" on the games which had previously been

## EIGHT INNING GAME PLAYED HERE YESTERDAY AFTERNOON

St. Cloud Technical high school defeated Brainerd high by a score of 4 to 2, in an eight-inning game played at the Koering field Friday afternoon.

The game was a close contest, both teams playing hard. The phenomenal work of the St. Cloud shortstop brought forth much praise, the player handling his position like a veteran.

This was the second game of the season, the locals winning the first battle last Saturday, taking the game from the Crosby-fronton high school by a score of 7 to 5, on the latter's grounds.

The Sheffield club, started in 1855, is the oldest existing football club in England.

New York Yacht club's annual cruise will be held at New London, August 13.

Herman O. Parish, Savannah, Ga., has been elected captain of the 1925 navy basketball team.

F. A. Potts II, '23 of New York was elected captain of Yale university hockey team for next year.

Helen Wills, women's national singles and doubles tennis champion, is now taking lessons in golf.

The present legislature in Texas is expected to take favorable action on a measure to legalize boxing.

The sale of the New York National

league club to John Rindling of circus fame, has again been denied.

The world record for throwing the discus is 156 feet and 1 1/2 inches. This record is held by J. Duncan, American.

Roy C. Smith, a Philadelphia semi-pro pitcher, has been signed by Elmira of the New York-Pennsylvania league.

A British seaplane, which will have a speed of five miles a minute, is being constructed for the next Schneider Cup race.

Georgia's new basketball court, seating 4,000, was opened a few days ago in Athens, Ga. It affords room for four courts.

Duke Floyd, young outfielder of the St. Paul American association team, has been sold to Raleigh of the Piedmont league.

The St. Louis Browns have sent infielder Sylvester Simon to Tulsa of the Western league. He will be expected to fill a vacancy at third base.

St. Louis Cards used no less than four men at short in 1924. They were Cooney, Thevenow, Toporcer and Bell. Cooney played the most games—90.

No doubt "Big" Munn, the wrestler who picks the opposition up and throws it on the floor, sees nothing especially comical in jokes about train windows that stick.

Putt Mosman, Eldora, Iowa, succeeded himself as national horseshoe pitching champion, winning the national tournament at Lake Worth, Texas, from a field of 12.

## PHYSICIAN'S GLAND EXPERIMENTS ASTOUND SCIENTIFIC WORLD

Through a New Scientific Discovery the Vital Glands May Be Assisted in Their Work of Supplying the Energizing Glandular Secretions Which Are so Necessary to Vigorous Health.

Thousands of Men and Women Now Take Glandogen to Help Regain Normal Health, Vigor and Strength

Workers have been worked in the rejuvenation of youth and vigor by glandular treatment in one of California's State Institutions. This "Scientific Magic" has been performed by the head physician and surgeon who reports success in 90 per cent of 1,000 cases treated.

Probably the most remarkable instance is the case of a 73-year-old man who displayed the athletic prowess of a youth of twenty by running a 50-yard race in 6 seconds.

EMINENT SCIENTISTS AND PHYSICIANS REVEAL AMAZING FACTS ABOUT GLANDS.

Dr. Serge Voronoff, an international authority on Organotherapy has said: "The brain, the nerves, the muscles, as well as the liver, the kidneys and all other organs would be incapable of playing any useful part without the aid of the glands. The functioning of our organs is no more than the activity of our glands."

At a recent medical convention in Chicago an eminent physician stated that because of the intimate connection of the nervous system with the glands, many sufferers from nervous disorders were receiving remarkable benefits from glandular treatment.

He further stated that this glandular treatment could be taken by mouth like any other medicine, and that an operation is not necessary.

Dr. Arnold Lorand says in his book "Old Age Deferred," in speaking of the glands: "We must insist upon the reinforcement of their functions, if changed by age or disease by means of extracts obtained from the similar organs of healthy young animals."

GLANDULAR TREATMENT (GLANDOGEN) CAN NOW BE TAKEN IN CONVENIENT TABLET FORM

Thousands of men and women are now turning to glandular treatment to help regain lost strength, vigor, vitality and health. Since science has prepared a gland treatment in simple, compact tablet form—Glandogen—it is a simple matter to take glandular treatment. Glandogen is scientifically prepared in two different forms, one for men and one for women, from the vital glands of healthy young animals, combined with other efficacious ingredients. Accept no substitutes. Insist on genuine Glandogen, the original gland tonic. Johnson's Pharmacy and Economy Drug Co. will supply you.

## WILLS-LENGLEN NOT EXPECTED TO MEET

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, April 25.—Mlle. Suzanne Lenglen, former world's champion tennis player, has slipped so far from her game that she must retire or accept defeat the first time she plays against a first-class opponent, according to several competent critics who saw her play last winter.

Considerable comment was made when Miss Elizabeth Ryan, former California star, who has been playing in England for several years, defaulted in one of the most important French tournaments in the round in which she was to have met the French star.

French critics expressed the opinion that Miss Ryan was prompted through a long established friendship with Mlle. Lenglen to step out of the tournament and relieve her friend of the danger of being defeated. It will be remembered that the French girl defaulted at Wimbledon last summer and surrendered her title after she had been carried through a terrific match by the former American star.

In that match it was the reputation of Mlle. Lenglen more than her tennis that enabled her to beat Miss Ryan, but the exertion took so much out of her that she was unable to continue. She also withdrew from the Olympic championships in Paris, although France was depending upon her to win the only championship that the nation could hope for.

Mlle. Lenglen says that she has not been in good health since she was seized with a coughing spell at Forest Hills several years ago when she was being defeated by Mrs. Molla Mallory, the American champion at the time.

The retirement of the former world's champion or her defeat would leave Miss Helen Wills as the undisputed champion of the world. She has a fair claim to the title now, but there will be some authorities who will not admit her superiority over the French girl until she can prove it on the courts. There is no chance that they will ever meet upon the courts, as the French star has declined two opportunities and there is no way to force her.

## INDIA ENTERS THE FAR EASTERN GAMES AT MANILA IN MAY

(By United Press)  
New Haven, Conn., April 24.—Details of the seventh biennial Far Eastern games, modeled after the world Olympic games, which will be held in Manila, P. I., from May 10 to 20 this year, have been received at Yale University.

In other years the games have been contested between China, Japan and the Philippines, but this year will witness the entry of a new rival—India. India's delegation will probably not be a full one, but they are expected to upset the "dope" on the games which had previously been

## EIGHT INNING GAME PLAYED HERE YESTERDAY AFTERNOON

St. Cloud Technical high school defeated Brainerd high by a score of 4 to 2, in an eight-inning game played at the Koering field Friday afternoon.

The game was a close contest, both teams playing hard. The phenomenal work of the St. Cloud shortstop brought forth much praise, the player handling his position like a veteran.

This was the second game of the season, the locals winning the first battle last Saturday, taking the game from the Crosby-Ironton high school by a score of 7 to 5, on the latter's grounds.

## Sport Notes

The Sheffield club, started in 1855, is the oldest existing football club in England.

New York Yacht club's annual cruise will be held at New London, August 13.

Herman O. Parish, Savannah, Ga., has been elected captain of the 1925 navy basketball team.

F. A. Potts II, '26 of New York was elected captain of "Yale" university hockey team for next year.

Helen Wills, women's national singles and doubles tennis champion, is now taking lessons in golf.

The present legislature in Texas is expected to take favorable action on a measure to legalize boxing.

The sale of the New York National

league club to John Kingling of circus fame, was again been denied.

The world record for throwing the discus is 156 feet and 1 1/2 inches. This record is held by J. Duncan, American.

Roy C. Smith, a Philadelphia semi-pro pitcher, has been signed by Eudora of the New York-Pennsylvania league.

A British seaplane, which will have a speed of five miles a minute, is being constructed for the next Schneider Cup race.

Georgia's new basketball court, seating 4,000, was opened a few days ago in Athens, Ga. It affords room for four courts.

Duke Floyd, young outfielder of the St. Paul American association team, has been sold to Raleigh of the Piedmont league.

The St. Louis Browns have sent infielder Sylvester Simon to Tulsa of the Western league. He will be expected to fill a vacancy at third base.

St. Louis Cards used no less than four men at short in 1924. They were Cooney, Thevenow, Toporcer and Bell. Cooney played the most games—90.

No doubt "Big" Munn, the wrestler who picks the opposition up and throws it on the floor, sees nothing especially comical in jokes about train windows that stick.

Putt Mosman, Eldora, Iowa, succeeded himself as national horseshoe pitching champion, winning the national tournament at Lake Worth, Texas, from a field of 12.
